## ■ Second Notification

Indian lime market is one of the fastest developing market and all the stake holders throughout the world are eager to participate in this growth.

Demand for lime is projected to increase significantly in the next few years owing to the rise in demand for lime in chemical intermediated segment as well as due to revival of Indian steel industry. In recent times Lime manufacturers and Lime related industries in India are witnessing rapid change in technology and usage.

Bharat Lime Association (BhLA) is happy to announce organizing International Conference *LimeCon 2018* as an attempt to have all the technologists associated with lime and calcined dolo plant and equipment's suppliers and consumers under one roof for the purpose of knowledge sharing.

*LimeCon2018* is intended to discuss regarding Technological Development of Lime Industry and related matters, with a specific focus on Digitalization of the plants and services for mutual benefit of all concerned.

## ■ Conference Theme

**LIME INDUSTRY : FROM TRADITIONAL TO DIGITAL**

## ■ About Organiser

Bharat Lime Association (BhLA) was formed solely

a) To promote, particularly in India, the advancement of the knowledge of limestone, dolomite stone, lime and calcined dolomite related products among its existing and prospective members and also bring into contact those engaged in these pursuits with a view to develop a synergy among them particularly the industry, the professionals, the academia and R & D Institutions.

b) To receive, edit, publish and distribute papers, periodicals or journals, books and hold Conferences, Meetings, Symposia, Colloquia, Workshops on relevant themes and subjects and to set up Libraries as and where convenient and also to exchange journal and other publications with similar materials published elsewhere and to establish interrelationship in mutual interest with similar bodies in different parts of the world.

c) To confer awards, medals and other distinctions on members in recognition of excellence attained in related subjects and to help establishment of zonal centers and local chapters and regulate activities thereof and modify or abolish them whenever considered necessary.

## ■ Location

**B**engaluru (previously called Bangalore) is the capital of India's southern Karnataka state. The center of India's high-tech industry, the city is also known for its parks and nightlife. Bengaluru is connected by air with all major cities of India and the world and well connected by rail from various parts of India.

## ■ Venue

The Lalit Ashok, Kumara Krupa High Grounds,  
Next to CM Guest House, Bengaluru, Karnataka - 560001
