

LimeCon 2016

An International Conference

Bharat Lime Association (BLA), India is organizing LimeCon 2016 an International Conference on Lime and Dolo Indian Prospective at Hilton, Mumbai International Airport from 19th – 20th February, 2016 at Mumbai.

LimeCon 2016 is an attempt to have all the technologies associated with Lime & Dolo manufacturing and all the Lime & Dolo consumers under one roof to share their ideas and experiences. The main objective of LimeCon 2016 is to upgrade existing lime and Dolo technology with an ultimate target to provide maximum advantage to all the stake holders.

Lime and Dolomite play a vital role in every corner of human life. They have been used in various sectors like Ferrous & Non Ferrous Metallurgical Industries, Agriculture (Soil Conditioner), Building Industry, Pharmaceuticals Industry,, Paper Industry, Soda Ash Industry, Rubber Industry, Chemical Industry, Sugar Industry, Power Plants etc.

The Chairman of BLA, Mr. Hiroo Makhijani emphasized the importance of lime & calcined dolomite's role in our day to day life with the advancement of technology, the art of lime & dolo calcinations too, has developed into a full-fledged industry. The lime and Dolo technologies are also associated with the other technologies e.g. waste gas cleaning technology, sensible heat recovery technology, sizing and screening technology, material handling technology etc. The lime and

limestone industries are dynamic industries with new production methods, new products and new applications are continuously being developed.

The Organizing Secretary Mr. Arun Barad mentioned, "Bharat Lime Association (BLA) organizes national & international seminars to augment & upgrade the knowledge bank of lime & Dolo fraternity in India. Earlier LimeCon 2012 was organized first time in Visakhapatnam and this time the conference LimeCon 2016 will be on a larger scale primarily focusing on lime & Dolo technology to bring the synergy among

many lime manufactures in India. Technology Suppliers / Delegates from Austria, Canada, China, France, Italy, Saudi Arabia, Switzerland, UAE, USA, etc., are participating in this conference".

The Joint Secretary Mr. Atanu Datta explained that, "Conference on lime & Dolomite with Indian prospective will help production personnel in the industries to appreciate the impact of their actions & decisions on their customers".

The LimeCon 2016 will discuss all issues related to Lime / Dolo and allied industries.
