**SUPPORTED BY**

**Arab Iron & Steel Union**

The 4th Indo-Arab Steel Summit held from April 12-13, 2017 organized by 'Steelworld' in association with 'Arab Iron and Steel Union' concluded successfully in Dubai. The event saw participation from around 11 nationalities like India, UAE, Oman, Jordan, China, Italy, Uganda etc.

The deliberations focused on the present status and future prospects of Iron and Steel Industry in the MENA region. It also explored the possibility of forging close relations between MENA and Indian companies.

The session started with a Panel discussion on the Future of Indo-Arab Iron & Steel Trade. The summit had three business sessions. The first session covered the subject - Indian Iron & Steel Industry Present and Future Prospects.

Business Session II covered Indian Steel Sector & its Presence in Middle East, and the last session was on Steel Sector in MENA Region.
