

SAIL employees shine at Prime Minister's Shram Award

The talented and dedicated workforce at Steel Authority of India Ltd. (SAIL) has always brought laurels to the Company and has been in the forefront of receiving recognition at all significant platforms. A total of 148 SAIL employees including 5 women received 34 prestigious Prime Minister's Shram awards. Of the 232 PSU awardees who were being awarded for the performance years 2011 to 2016, 64% are from SAIL.

Congratulating the awardees on their achievement, Chairman, SAIL P K Singh said "These awards are recognition of our employees' specific innovative contribution of enhancing productivity and efficiency in the work area. Such recognitions ignite the zeal to perform in the entire workforce." He added that such cultural transformation will make the organization world class. These awards are also a testimony to the fact that SAIL as a Company values and nurtures

innovativeness at workplace and the dedicated workforce of the Company is always encouraged to bring their best foot forward. Singh also said that employees are our core strength and the success of the organization depends on its workforce. And in SAIL it is the determination and smart work of each and every employee that has made the Company finally successful in achieving profit in Q3 of this financial year.

Among the total number of 148 awardees of SAIL, 78 are from SAIL's Bhilai Steel Plant, 60 from SAIL's Rourkela Steel Plant and 10 employees are from SAIL's Bokaro Steel Plant who

have been conferred with the Shram awards for these years. The awards were given by Hon'ble Vice President M. Venkaiah Naidu yesterday at a function held in Vigyan Bhawan. The awardees were felicitated by Chairman SAIL PK Singh in presence of all functional Directors of the Company in a function held at SCOPE Complex in New

Delhi today.

The objective of the Prime Minister's Shram Awards is to recognize the outstanding contributions made by workmen as defined in the Industrial Dispute Act, 1947 in organizations both in public and private sector and who have distinguished record of performance, devotion to duty of a high order, specific contribution in the field of productivity, proven innovative abilities, presence of mind and exceptional courage and also to the workmen who have made supreme sacrifice of laying down their lives in the conscientious discharge of their duties.

Tata Steel's Noamundi Iron Mine accorded Five Star rating

The Noamundi Iron Mine (NIM) of Tata Steel has been accorded the 'Five Star rating' for sustainable development in FY17. This is for the 2nd consecutive year that NIM has been bestowed with this award. The award

Raj and Mines.

Speaking about the sustainable development in mines, Chanakya Chaudhary said: "This award is a testimony to our sustainable mining practices and it further reinforces our

ceremony was organised on March 20th 2018 during the 3rd National Conclave on Mines & Minerals in New Delhi.

Chanakya Chaudhary, Group Director (Corporate Communication & Regulatory Affairs), Tata Steel received the award on behalf of Tata Steel from Narendra Singh Tomar, Union Minister of Rural Development, Panchayati

commitment towards sustainable development. It has always been our effort to ensure that the socio-economic benefits of sustainable development are widespread and positively impact stakeholders and communities around our areas of mining operations."

The 'star rating of mines' system aims at promoting sustainable developmental practices, which includes addressing social impact of resettlement and rehabilitation, among others. The star rating scheme is designed to have a built-in compliance mechanism for environment and forest safeguards and help in recognizing good performers in the sector while encouraging all mining lease holders to strive for excellence.
